## General statistics

### 1. Statistical Yearbook of Latvia 2023

The yearbook is the most exhaustive annual publication of statistics for the national economy and socio-economic processes. The publication contains 10 thematic chapters: geographical characteristics, population, labour market, social protection and health, education, science and culture, economy and finance, foreign trade, business, information technologies, business sectors, as well as comparative international statistics. The publication reflects data on 2022, compared to previous years. Information in the yearbook is compiled in tables, charts and maps. The yearbook is based on the information available to the Central Statistical Bureau of Latvia (obtained by conducting statistical surveys) and other institutions (data in public registers and other information systems).

Latvian, English  
Format: A5  
200 pages  
Annual publication  
*ISBN 978-9984-06-599-1 (printed)*  
*ISSN 1407-0626 (printed)*  
  
*ISBN 978-9984-06-598-4 (pdf)*  
*ISSN 2501-000X (pdf)*  
**Published on 20 December**

### 2. Latvija. Galvenie statistikas rādītāji, 2023 (Latvia. Statistics in Brief 2023, in Latvian)

The brochure contains tables and graphs depicting information on the socio-economic situation in Latvia. The statistics is based on provisional data and covers the year 2022 as well as comparisons with the previous years.

Latvian  
Format: A5  
80 pages  
Annual publication  
*ISBN 978-9984-06-593-9 (pdf)*  
*ISSN 2501-0018 (pdf)*  
**Published on 27 April**

### 3. Latvia. Statistics in Brief 2023

The brochure contains tables and graphs depicting information on the socio-economic situation in Latvia. The statistics based on provisional data and covers the year 2022 as well as comparisons with the previous years.

English  
Format: A5  
80 pages  
Annual publication  
*ISBN 978-9984-06-594-6 (pdf)*  
*ISSN 2501-0026 (pdf)*  
**Published on 8 May**

## Population

### 4. Demogrāfija, 2023 (Demography 2023, in Latvian)

An informative leaflet devoted to population – population change, gender, age, ethnic composition, demographic burden, marriages and divorces, fertility, mortality, long-term migration, and citizenship. The key data are shown in dynamics.

Latvian,  
Format: A4  
38 pages  
Annual publication  
**Published on 2 October**

### 5. Children in Latvia 2023

The collection of statistics covers information on the number of children births and deaths, their age composition, state of health, education, social protection, risk of material deprivation and monetary poverty in households with children, employment of minors, use of information technologies, violence against children and children in conflict with law. The statistics covers year 2022 and gives comparisons with the previous years.

Latvian, English  
Format: A5  
128 pages  
Annual publication  
*ISBN 978-9984-06-595-3 (pdf)*  
*ISSN 2501-0042 (pdf)*  
**Published on 4 August**

### 6. Materiālā nenodrošinātība Latvijā 2022. gadā (Material Deprivation in Latvia 2022, in Latvian)

The informative leaflet contains material deprivation indicators collected via annual survey *European Union Statistics on Income and Living Conditions* (EU-SILC 2022). Material deprivation covers conditions under which, due to the lack of financial resources, households are excluded from ordinary living patterns. The leaflet contains tables and charts, as well as a short description of indicators characterising material deprivation.

Latvian  
Format: A4  
14 pages  
Annual publication  
**Published on 22 March**

### 7. Veselības pašnovērtējums Latvijā 2022. gadā (Self-Perceived General Health in Latvia 2022, in Latvian)

The informative leaflet contains general health self-assessment indicators collected via annual survey *European Union Statistics on Income and Living Conditions* (EU-SILC 2022). The tables, graphs and brief description of the indicators included in the leaflet depict self-perceived general health (including chronic diseases, long-standing illnesses or health problems lasting for at least six months) of population (aged 16 and over), give information about medical care and dental visits as well as main reasons for unmet need for medical or dental examination or treatment. The indicators collected annually are supplemented with ones collected via EU-SILC 2022 ad hoc module aimed at studying population health habits, consultations with medical practitioners, financial burden of medical care, dental care and medicines, etc.

Latvian  
Format: A4  
8 pages  
Annual publication  
**Published on 22 February**

## 8. Apsekojuma “Pieaugušo izglītība” rezultāti, 2022 (Results of Adult Education Survey 2022, in Latvian)

An informative leaflet covering formal education, non-formal education and training, informal learning activities as well as foreign language skills (results of the *Adult Education Survey 2022*). Statistics in the leaflet is presented in tables and graphs accompanied with a brief description of the indicators characterising adult education.

Latvian  
Format: A4  
8 pages  
Annual publication  
**Published on 13 October**

## 9. Nabadzības risks un sociālā atstumtība Latvijā 2021. gadā (People at Risk of Poverty and Social Exclusion in Latvia 2021, in Latvian)

An informative leaflet reflecting at-risk-of-poverty and social exclusion indicators (at-risk-of-poverty rate, very low work intensity, severe material and social deprivation) acquired via annual survey *European Union Statistics on Income and Living Conditions* (EU-SILC 2022). Statistics in the leaflet is presented in tables and graphs accompanied with a brief description of indicators characterising poverty and social exclusion.

Latvian  
Format: A4  
10 pages  
Annual publication  
**Published on 16 January**

## 10. Mājsaimniecību rīcībā esošie ienākumi Latvijā 2021. gadā (Household Disposable Income in Latvia 2021, in Latvian)

An informative leaflet depicting statistics for household disposable income (including in various breakdown) acquired via annual survey *European Union Statistics on Income and Living Conditions* (EU-SILC 2022). Statistics in the leaflet is presented in tables and graphs accompanied with a brief description of indicators.

Latvian  
Format: A4  
6 pages.  
Annual publication  
**Published on 3 February**

## Labour market

## 11. Darbspēka apsekojuma galvenie rādītāji 2022. gadā (Labour Force Survey: Key Indicators in 2022, in Latvian)

The informative leaflet contains key results of the *Labour Force Survey* – labour status (active and inactive population), employment, unemployment, and educational attainment of population in Latvia, Baltic countries and EU as well as statistics produced based on the results of LFS ad hoc module 2021 *Labour Market Situation of Migrants and Their Immediate Descendants*.

Latvian  
Format: A4  
24 pages  
Annual publication  
**Published on 15 May**

## **12. Darbaspēka izmaksas 2022. gadā (Labour Costs in 2022, in Latvian)**

The text, tables and graphs of the informative leaflet show statistics for occupied posts, labour costs and structure thereof, as well as on hourly labour costs in Latvia in 2018–2022. The data are provided in breakdown by main kind of economic activity and region.

Latvian  
Format: A4  
16 pages  
Annual publication  
**Published on 26 May**

## **13. Darba samaksas pārmaiņas (Change in Wages and Salaries, in Latvian)**

The text, tables and graphs of the informative leaflet cover quarterly statistics for change in earnings broken down by sector, main kind of economic activity, sex, and region.

Latvian  
Format: A4  
11 pages  
Quarterly publication  
**Published on 17 March, 16 June, 15 September, 15 December**

## **14. Darba ņēmēju sadalījums pēc darba ienākumiem 2022. gadā (Employees by Labour Income in 2022, in Latvian)**

The text, tables and graphs of the informative leaflet cover statistics for employees broken down by gross labour income. The statistics is based on administrative data of the State Revenue Service.

Latvian  
Format: A4  
12 pages  
Annual publication  
**Published on 28 April**

## **Economy**

### **15. Consumer Prices**

The text, tables and graphs of the informative leaflet include the main information on the average prices of selected consumer goods and services that can be easily grouped and described by common features. The information does not cover the prices of goods available in wide assortment, for example, clothing, footwear, electrical appliances, etc.

Latvian, English  
Format: A4  
6 pages  
Quarterly publication  
**Published on 25 January, 26 April, 26 July, 26 October**

## Trade

### **16. Latvijas ārējā tirdzniecība. Svarīgākās preces un partneri (Foreign Trade of Latvia: Main Commodities and Trade Partners, in Latvian)**

The text, tables and graphs of the informative leaflet cover summarised data on international trade in goods by country group, exports and imports statistics in breakdown by main partner country regarding a specific time period starting from the beginning of the year. Total exports and imports are provided at constant prices as well.

Latvian

Format: A4

6 pages

Quarterly publication

**Published on 17 February, 19 May, 18 August, 21 November**

## Business sectors

### **17. Agriculture of Latvia 2023**

The text, tables and graphs of the collection of statistics depicts the key indicators characterising situation in agriculture in 2015, 2020 and 2022: sown areas, harvested production, yield of agricultural crops, number of livestock, animal production, organic farming, average producer prices and indices in agriculture, use of mineral and organic fertilisers, balance sheets of plant nutrients (N and P), grouping of holdings by sown area, yield of agricultural crops and number of livestock, as well as supply balance sheets of agricultural products. Some indicators are given in breakdown by statistical region and compared among Baltic countries.

Latvian, English

Format: A4

85 pages

Annual publication

*ISBN 978-9984-06-587-8 (pdf)*

*ISSN 2501-0085 (pdf)*

**Published on 20 June**

### **18. Mežsaimniecība 2022. gadā (Forestry in 2022, in Latvian)**

The text, tables and graphs of the informative leaflet cover the key statistics for forest areas, forest stand structure by main tree species, tree species in forest stands of Latvia, total standing timber, average timber volume and forest area by growing conditions, damaged forest stands and ones that have lost growth potential, protected forest areas, afforestation, felling and standing timber areas by felling type, forest regeneration, forest regeneration and tending costs, average forestry costs, purchase prices of coniferous and deciduous sawlogs, forest fires, and game animals.

Latvian

Format: A4

8 pages

Annual publication

**Published on 1 September**
