General statistics

1. Statistical Yearbook of Latvia 2025

The yearbook is the most exhaustive annual publication of statistics for the national economy and socio-economic processes. The publication contains ten thematic chapters: geographic characteristics of Latvia; population; labour market; social protection and health; education, R&D and culture; economy and finance; foreign trade; business; information technologies; business sectors; and comparative international statistics. It reflects statistics for 2024 along with comparative data. The figures are presented in tables, charts and maps. The yearbook is based on the information available to the Central Statistical Bureau of Latvia and other institutions obtained from statistical surveys, public registers and various information systems.

Latvian, English
 Format: A5
 200 pages
 Annual publication
ISBN 978-9984-06-611-0 (pdf)
ISSN 2501-000X (pdf)
Published on 19 December

2. Latvija. Galvenie statistikas rādītāji, 2025 (Latvia. Statistics in Brief 2025, in Latvian)

The brochure contains tables and graphs depicting information on socio-economic situation in Latvia. The statistics is based on provisional data and reflects 2024 along with comparative data.

Labour market

9. Darbaspēka apsekojuma galvenie rādītāji 2024. gadā (Labour Force Survey: Key Indicators in 2024, in Latvian)

The informative leaflet contains summarised results of the Latvian continuous Labour Force Survey 2023. It reflects statistics for labour status (employed and unemployed), activity status (active and inactive), and educational attainment of population in Latvia, Baltic states, and European Union. Additionally, the leaflet includes the main results of LFS ad hoc module 2023 *Pension and labour market participation*.

Latvian
Format: A4
26 pages
Annual publication
Published on 15 May

10. Darba samaksa un darbaspēka izmaksas 2024.gadā (Earnings and Labour Costs 2024, in Latvian)

Informative leaflet containing texts, tables and graphs depicting information on earnings (wages and salaries) and labour costs in Latvia. The published statistics is broken down by economic activity, sector (public and private), and region.

Latvian
Format: A4
50 pages
Annual publication
ISBN 978-9984-06-615-8
Published on 30 May

Economy

11. Consumer Prices

The text, tables and graphs of the publication include the main information on the average prices of selected consumer goods and services that can be easily grouped and described by common features. The information does not cover the prices of goods available in wide assortment, for example, clothing, footwear, electrical appliances, etc.

Latvian, English
Format: A4
6 pages
Quarterly publication
Published on 27 January, 25 April, 25 July, 27 October

Trade

12. Latvijas ārējā tirdzniecība. Svarīgākās preces un partneri (Foreign Trade of Latvia: Main Commodities and Trade Partners, in Latvian)

The text, tables and graphs of the informative leaflet cover summarised data on foreign trade in goods by country group, exports and imports statistics in breakdown by main partner country regarding a specific period starting from the beginning of the year. Total exports and imports are provided at constant prices as well. Publication on the fourth quarter provides information on the exports of goods of Latvian origin to EU member states.
